

STUDENT PRIZE PRESENTATIONS

TUESDAY, 6th October 2015

The Regional Group Student Prize is awarded each year, for the best Final Year Project in the subject area of Structural Engineering. This year's nominees are:

- **CIT:** Kieran Ward - *"Design and Testing of Bridge Half-Joints"*
- **DIT:** Shane Lally - *"Investigation of Alternative Moment Resisting Connection Detail for Portal Frame Eaves"*
- **TCD:** John Hickey - *"Numerical Analysis of Steel Braced Frames Subjected to Earthquake Loading"*
- **UCC:** Tadhg Buckley & Phoebe Watson - *"Mitigating the Structural Vibrations of Wind Turbines using Tuned Liquid Column Damper, Integrating Soil-Structure Interaction"*
- **UCD:** Conor Lyons – *"Topology Optimisation of Structures for 3D Printing"*
- **UL:** Kevin Cahir – *"Structural Examination of a Geodesic Dome"*

At the evening meeting, the nominees will each make a short (10 minute) presentation on their project and then answer questions from three industry-representative judges. The evening promises to be highly informative, especially for final-year students.

Date & Time: Tuesday, 6th October 2015, Reception 18:00, Presentations 18:30
